Dear 

STAT

As I mentioned during our 24 September telephone conversation, I would be pleased to host you at FTD sometime in the near future. A visit would provide us an opportunity to update you on our capabilities as the center of USAF scientific and technical intelligence. Furthermore, it would create a forum to identify areas of common interest. I'm sure such a visit would be mutually rewarding.

We can readily accommodate your schedule, whether it be for one hour or an entire day. I hope you will be able to visit us. Final arrangements can be made with Major Francis Buchan, my Executive Officer, at 513-257-3910.

Sincerely

DAVID S. WATROUS, Colonel, USAF
Commander
